

Gastonia market guide

Senior-focused primary care

CenterWell focuses on providing outstanding primary care services to Medicare Advantage plan members in the Gastonia area—and we take pride in fostering our patients' physical, emotional and social wellness. As part of our holistic approach to health, our care team includes physicians, behavioral health specialists, clinical pharmacists and social workers. And our centers have on-site labs to help make the patient experience as simple and convenient as possible.

In addition to medical services, each of our centers offers in-person and virtual informational, educational and social events and classes. These

programs are available to both our patients and the community at large, helping to make CenterWell a leading health and wellness destination in the communities we serve.
